# International Monarch Monitoring Blitz: Strengthening Community Science Across North America

---

**Eleonor Fascilla**

Commission for Environmental  
Cooperation

# International Monarch Monitoring Blitz

---

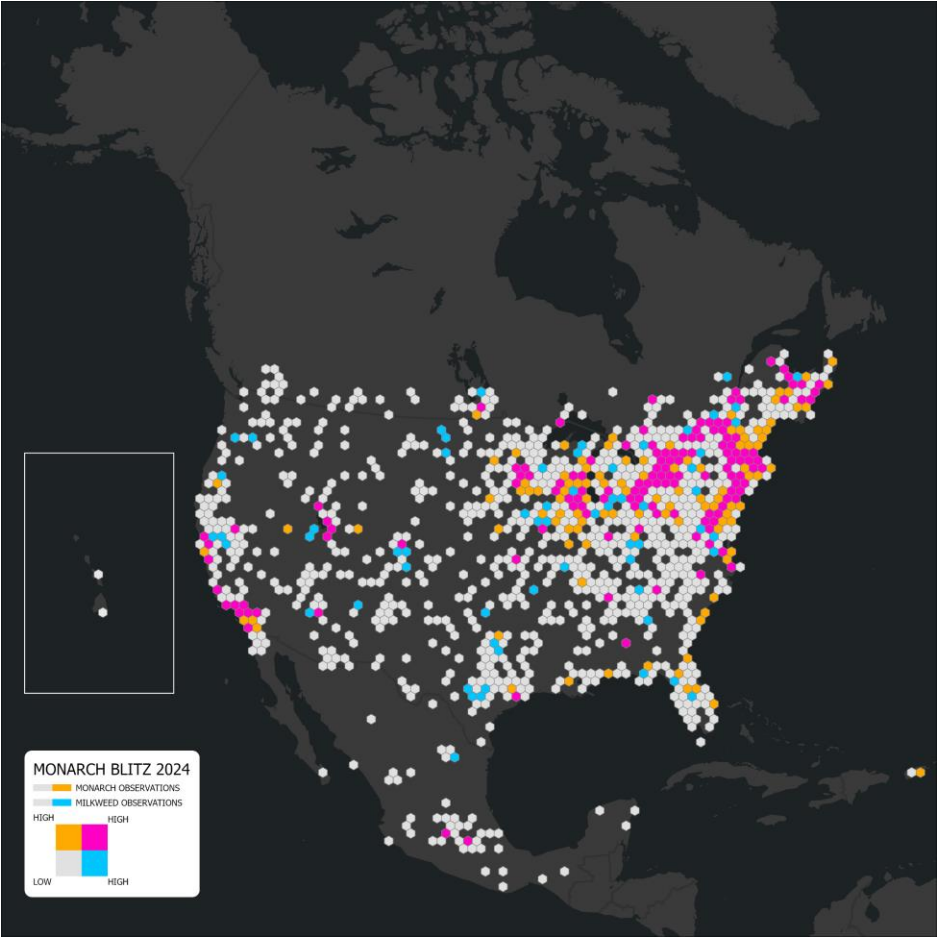

- Annual **trilateral** initiative since 2017 coordinated by the Commission for Environmental Cooperation (CEC)
- **10 partner organizations** and **7 community science programs** across Canada, Mexico and the United States.
- **Goal:** Gathering **monarch** and **milkweed** observations to contribute valuable data to improve our understanding of monarch breeding productivity, distribution and migration timing across North America.
