

# The Bee & Butterfly Habitat Fund

*A-NextGen Conservation Solution*

# The Bee & Butterfly Habitat Fund

*A NextGen Conservation Solution*

# Solar Synergy

The program works directly with solar developers at no additional cost, to strategically design pollinator habitats within utility-scale renewable energy projects, and to offer additional tools and expertise to meet their multi-benefit objectives.

## 4 Key Benefits

NextGen  
Conservation  
Seed Mixtures

Carbon  
Sequestration  
Monitoring

Pollinator &  
Habitat  
Monitoring

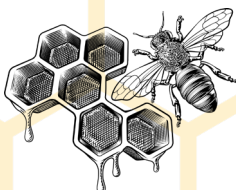

Connecting  
Commercial  
Beekeeping
