

Biggest Pollinator Issue is...?

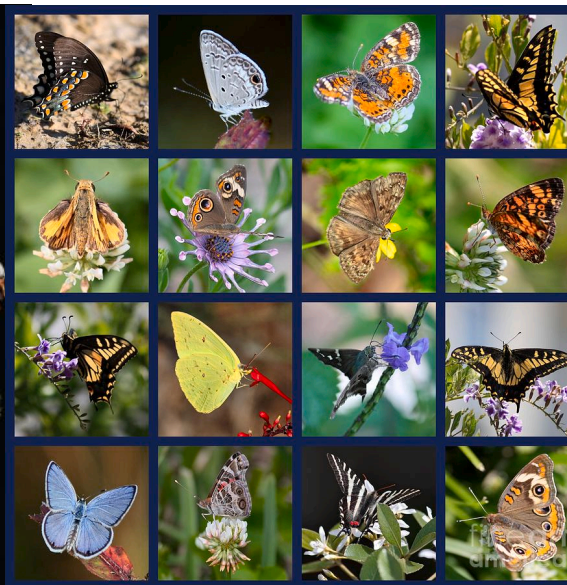

Honey Bee

Monarch Butterfly

Rusty Patch Bumble Bee

We Need a Common Vision & Easy Source of Information

- Protect Our Pollinators
- Pollinators Need Nature
- ...?
- Hard to know what
- Hard to find & trust

Creating Societal Change

- Pivotal statement “go to the moon and back by end of century”
- A shared dare: “Ice Bucket Challenge”

Proposal:

- A unified “framework” for all MJV organizations to share on their websites
- Results in personal action & legislative change

MJV Primary Landing Page

MONARCH
JOINT VENTURE

- Source infographic links to MJV primary page
 - MJV links to approved groups with expertise & products
- Interconnects our common vision and simplifies the community search for easy to learn knowledge & products
- **Action:** MJV should create a committee to begin/consider this endeavor
