**Nationwide CCAA for MONARCH BUTTERFLY**

# Planning Checklist for CCAA Monitoring

This checklist helps CCAA Partners verify that they are using the most up-to-date references and resources available via the Rights-of-Way as Habitat Working Group. Note that the monitoring plan guidance and template have been developed for use both for the CCAA and the Pollinator Habitat Scorecard.

**Have you read the CCAA monitoring protocol (Section 14.2.2)?**
☐ *If yes, proceed.*
☐ *If no, review the protocol before proceeding.*

**Have you reviewed the June 2021 monitoring protocol addendum?**
☐ *If yes, proceed.*
☐ *If no, review the addendum before proceeding.*

*Do you know how you will randomly select the plot locations?*
☐ *If yes, proceed.*
☐ *If no, review the protocol or addendum before proceeding.*

*Do you know how many plots you plan on sampling?*
☐ *If yes, proceed.*
☐ *If no, review the CCAA protocol or monitoring plan guidance before proceeding.*

*Do you know which method you are using to record data (e.g. internal tracking, Tier 1, 2, or 3 scorecard, etc.)?*
☐ *If yes, proceed.*
☐ *If no, review the CCAA protocol or monitoring plan guidance before proceeding.*

*Do you have a backup plan for in-field plot relocation in the event of unsafe conditions?*
☐ *If yes, you're ready to go! Consider creating a (optional) monitoring plan.*
☐ *If no, review the monitoring plan guidance before proceeding.*

*Have you documented your monitoring plans to ensure consistency for yourself or other staff in the future?*
☐ *If yes, you're ready to go!*
☐ *If no, consider creating a (optional) monitoring plan. You can also use it to supplement your Implementation Plan.*
